

# Proactive care: the who and the how

Presentation by Andi Orlowski

# Who works on the data?

The Data Access group members  
are:

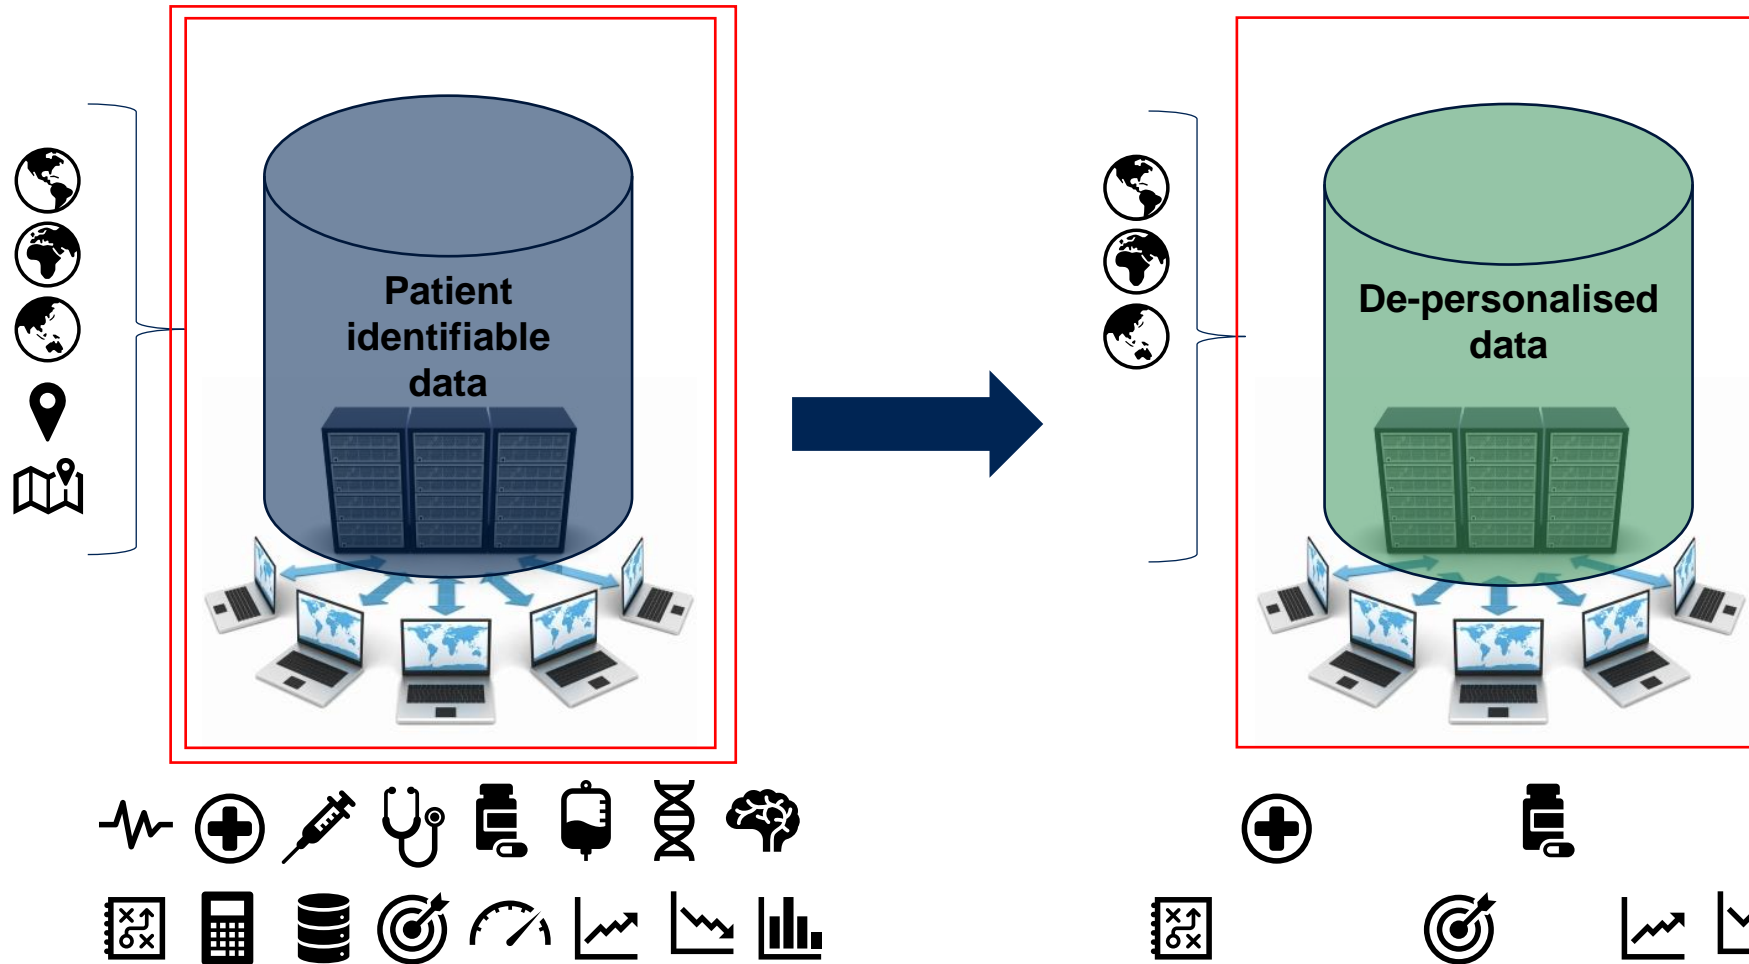

- Database representatives
- Analysts
- Patient representatives
- Data controllers

The group meets every third  
Thursday of the month

# Who works on the data?

# What kind of data do we have access to?

# Example data set

# Big data is helpful, but often 'dirty'!
